Solve the Problems
[look at the candy aisle to find pieces per package]

1) Mrs. Pig bought 6 packs of Ghouly Drops on Monday, 4 on Tuesday, then 3 more on Wednesday. She emptied all of the drops into a big bowl. How many Ghouly Drops were there in all? (Show your work)

A) 235
B) 200
C) 260
D) 250

2) Mr. Pig also shopped for Halloween candy. He bought 5 packs of Ghouly Drops, 3 bags of Jelly Spiders, 4 buckets of Pound O' Pumpkins, 2 boxes of medium Witches Brooms, 1 box of Red Hot Jumbos, and 1 jar of economy-sized Wiggly Worms. How many pieces of candy were there in all? (Show your work)

A) 490
B) 390
C) 400
D) 410

3) If Mr. Pig ate 3/4 of all the candy from problem #2, how many pieces did he eat? (Show your work)

A) 200
B) 375
C) 275
D) 300
