
Birthday Game

The Birthday Wheel has spaces for each month of the year. Mrs. pig took a chance that the spinner would land on September. What is the probability that this would happen?

A) 11/12
B) 1/12
C) 3/13
D) 2/12

Mrs. Pig didn't win the first time, so she put another Quarter down on September. Mr. Pig decided to play as well. He put his Quarter down on November. What are the odds that one of them will win?

A) 3/4
B) 5/6
C) 1/12
D) 1/6
